

TURCO PRODUCTS

DIVISION OF PUREX CORPORATION

July 13, 1981

Douglas Aircraft Company
3855 Lakewood Boulevard
Long Beach, Ca. 90846

Attention: Pennie M. Ito
Industrial Hygienist

Dear Ms. Ito:

In answer to your request, please find enclosed the completed modified OSHA 20 form on the product(s) listed below.

This form provides the CAS number, DOT spill category and EPA hazardous waste number for those product components which are defined as hazardous by the United States Department of Labor and for which categories, waste numbers, etc., have been established. Also, we certify that Turco Products does not manufacture any products which contain carcinogens, as listed on page 6, paragraph 1910.93C of the Occupational Safety and Health Report of May 3, 1973.

The information furnished on these forms is to permit your safe and proper use of our product(s) and is to be treated confidentially by your company.

If you have any further questions regarding this matter, please do not hesitate to contact me.

Very truly yours,

TURCO PRODUCTS
